## ALL ABOARD PERISHED.

Unknown Ship Went to Pieces  
Off Newfoundland.

## STORM PREVENTED ANY RESCUES.

Lifelines Probably Were Broken Up  
Through Mismanagement in the Panic  
of the Drowned Crew and Passengers.  
Some Likely Perished From Cold.

St. Johns, N. F., Jan. 13.—The following comprise some of the details regarding the wreck in St. Mary's bay that could be obtained: The ship is a two-masted steamer of nearly 3,000 tons and probably carried a crew of 60, with possibly some passengers. She went ashore before daybreak on Thursday, striking a ledge at the foot of the cliff, where escape was hopeless. The crew launched the boats, but probably during the panic some were crushed against her sides, others being swamped and all the occupants apparently perishing.

The ship was seen to be on fire by residents six miles away. At that time only three men were left on board. Two were on the bridge and one was in the rigging. Those on the bridge were safe until about 2 p. m., when they were washed overboard and drowned, the bridge being carried away. The survivor soon after left the rigging, swam to the rocks and twice endeavored to get a footing. Failing in this, he had made his way back to the rigging, where he died of exposure during the night.

Many dead bodies are visible tossing in the surf. Two of them, thrown up in a cove, cannot be reached owing to the heavy sea. One is thought to be that of a woman.

Boats and other wreckage are strewn among the rocks for miles. Yesterday was more stormy than the day before, and it was impossible to reach the wreck, which has gone to pieces to such an extent that it has sunk beneath the waves.

The wreck commissioner hopes to be able to obtain her name today. There is not the slightest prospect that any soul on board escaped death, as the intense mid-winter cold would kill any who escaped drowning.

## DREAMER MURDERER ARRESTED.

District Attorney Claimed He Had Evidence of Premeditated Killing.

New York, Jan. 13.—Alfred Morrison, who shot and killed one of his wives, with whom he was living in Mount Vernon, is under arrest. He was arraigned and held for the grand jury on the charge of murder in the first degree.

Morrison, on the night of Jan. 28, shot his wife Alida and she died the following day. He said the shooting was the result of a fight occasioned by a dream of hers. The woman herself, knowing that death was certain, attributed the shooting to the same cause as Morrison did. The coroner's jury exonerated him.

Some days later Morrison's original wife, whom he married many years ago, gave information that he was a bigamist.

Morrison was committed to jail without bail. The next grand jury will assemble in White Plains on the first Monday in February.

District Attorney Andrews claimed that he had sufficient evidence to prove that Morrison, in shooting his wife, committed a deliberate and premeditated murder.

Most Recent Part of Road.

WASHINGTON, Jan. 13.—Before the completion of the Trans-Siberian railroad it has become necessary to reconstruct the work already done, and this will cost not less than \$25,000,000. The information is supplied to the state department by Commercial Agent Greener of Vladivostok. His report, compiled from Russian sources, shows a curious condition of affairs on the road. In the haste of construction and the anxiety to get everything done the road was too poorly constructed, rails being too light, etc. Only about 30 miles an hour can be run on the level with safety.

The Cabinet Meeting.

WASHINGTON, Jan. 13.—At the cabinet meeting Secretary Hay read the reply of the British government to our representations regarding the four wireless stations in Delagoa bay. Members of the cabinet, after the meeting, said that the British answer was entirely satisfactory to this government. The several resolutions of inquiry as to the conduct of the war which have been introduced in both houses of congress were discussed, and the statement was made that full and complete information would be furnished at the earliest day possible.

## ARMED MEN ON HAND.

Charge of Goebelites Against Opponents.

MORE OF THEM READY TO COME.

Republicans Laugh at the Charges—Contest With Goebel Men the Method of Procedure in Legislature—Charges of Taylor Voted Down.

FRANKFORT, Ky., Jan. 13.—The contest committee, in the contest for governor, met today, by a majority vote, overruled the objections filed by Governor Taylor to the Democratic members of the committee sitting in the case. Each member made a short statement, denying the allegations in the governor's affidavit. All of the Democratic members present voted to overrule the objections and Representative Yarbrough, the only Republican member present, voted to sustain them.

The Goebel leaders claimed telegraphic notices from counties in the eastern part of the state that military companies in that section are being equipped to come to Frankfort next week.

They also said Republican militiamen were in the towns in citizens' clothes. Republicans laughed at the report.

The Republican leaders insist on the claim that the contestants for state officers must receive a majority in each branch of the legislature, instead of a majority of a joint assembly, as claimed by the Democrats, and this is another of the questions which may have to go to the courts.

If the Republican contention is sustained, it is admitted Goebel would be in exceedingly close times in the senate. The latest poll of that body by the Republicans is that it contains at least five anti-Goebel Democrats and Senator Hill, Democrat, is ill at home, with little prospect of getting here during the session. With Hill and Goebel not voting, the Goebel senators, under these circumstances, would be in a minority.

## WM. J. BRYAN COMING.

Will Be a Guest at Pennsylvania Democratic Committee Meeting, at Harrisburg.

HARRISBURG, Jan. 13.—John R. Rilling, chairman of the Democratic state committee, issued a call for a meeting of the committee in the senate chambers, Harrisburg, at 1 o'clock, on Jan. 15, to fix the time and place for holding the state convention.

Mayor Fritchey received a telegram from Colonel William J. Bryan accepting an invitation to visit Harrisburg on the date of the meeting of the committee. The convention will probably be held in Harrisburg in March to nominate candidates for auditor general, two congressmen-at-large and presidential electors and select eight delegates-at-large and eight alternates-at-large to the national convention.

## BRYAN FOR WOOL TARIFF.

He Asserted by Wool Men in Boston. Friends Doubt It.

BOSTON, Jan. 13.—In its weekly review of the wool market, the Boston Commercial Bulletin today said: "Utah correspondents of Boston wool houses say that they have received personal assurances from William J. Bryan that, if elected president, he will retain a protective duty on wool, having changed his mind on free wool."

LINCOLN, Neb., Jan. 13.—William J. Bryan passed through the city on his way to St. Louis. His tour includes speeches in St. Louis, Frankfort, Ky., Cincinnati and the Atlantic and New England states, and will not be finished until Feb. 3. Political intimates, when asked concerning his reported change of opinion on the question of free wool, said they could not speak with authority, but nothing of the kind had been said indicated that attitude, and they doubted the correctness of the report.

## NOTHING SAID ABOUT HIS VOTE.

Witness Said Whitehead Had Merely Shown Him Money.

WASHINGTON, Jan. 13.—There were again four or five witnesses before the senate committee on privileges and elections in connection with the attack upon the right of Senator Clark, of Montana, to his seat in the senate.

Probably the most important witness of the day was H. H. Carr, a member of the legislature, who will not be finished until Feb. 3. Political intimates, when asked concerning his reported change of opinion on the question of free wool, said they could not speak with authority, but nothing of the kind had been said indicated that attitude, and they doubted the correctness of the report.

Jan. 13. General Cheatham, with the Thirty-seventh, 106 men, supported by artillery, attacked the insurgents two miles west of Santo Tomas, driving them from that section; no casualties.

General Serrano's column, consisting of a squadron of the Fourth, one of the Eleventh cavalry, the Thirtieth and Forty-third infantry and six Nordenfledt guns under Captain Van Dusen, seized Huan, Silang and Indang Nalo, scattering the enemy who were severely punished. General Wharton's column, three troops of the Eleventh cavalry, the Fourth, Twenty-eighth, Thirty-eighth and Forty-fifth regiments and Artillery, killed 24 and capturing 200.

He had heavy fighting and captured considerable public property, inflicting heavy loss upon and scattering the enemy. Serrano's column is now moving in Northern Batangas in a southerly direction.

All Cavite province is occupied by Wheaton's command. There was heavy loss to the enemy during the week in General Serrano's operations. All operations very successful.

LEWIS CASE BEING PUSHED.

Attention of Strauss Again Called to Claim Against Turkey.

WASHINGTON, Jan. 13.—It is said at the state department that the attempt to secure some sort of reparation for the killing of Lewis, the bicyclist, in Turkey, is being steadily prosecuted.

The attention of Mr. Strauss, our minister to Turkey, has again been attracted to the subject, and he will make renewed representations on it to the Porte.

Secret Meeting of College Presidents.

HARRISBURG, Jan. 13.—A secret meeting of college presidents of Pennsylvania institutions was held in this city to take action on the resolutions recently passed by the state official council relative to the qualifications of men applying for licenses to practice medicine in this state. PHILADELPHIA, Jan. 13.—Chairman Mark H. Hanna and Joseph H. Manly, of Maine; H. G. Payne, of Wisconsin, and United States Senator N. B. Scott, of West Virginia, who constitute the sub-committee having in charge the arrangements for holding the national convention here in June, arrived in this city.

The visitors today inspected the auditorium of the recent National Export exposition in West Philadelphia, where the convention will be held.

## SULZER AGAIN AFTER GAGE.

Offered Another Resolution—Republicans Said He Had Been Answered.

WASHINGTON, Jan. 13.—At the house session the speaker laid before the session the resignation of John Walter Smith, the governor of Maryland.

Mr. Sulzer (N. Y.) presented for immediate consideration a resolution for the appointment of a special committee of nine members to investigate the relations of the secretary of the treasury with certain New York national banks and the transactions relative to the sale of the New York custom house.

Before the reading of the resolution was completed Mr. Dailzell (Rep. Pa.) objected on the ground that the resolution should go through the box in the regular way.

"Then ask unanimous consent," said Mr. Sulzer, "for its consideration."

"I object," shouted Mr. Hopkins (Rep. Ill.), and several other Republicans.

Mr. Grosvenor (D.) moved that the resolution be laid on the table.

"It is not before the house," observed Mr. Hopkins. "The able report of the secretary of the treasury has met all the charges it contains."

## RECOMMENDED AN ADVANCE.

Reported Result of Ohio Miners' Committee Meeting.

COLUMBUS, Jan. 13.—The Ohio miners received and considered the report of the scale committee in executive session. Efforts were made to keep the report secret, but it was learned the committee recommended an advance of 35 cents per ton, a change from the present system of paying for screened coal to run of mine, to be considered equivalent to an advance of 15 cents per ton.

The report was adopted. The convention adopted a resolution favoring the creation of a national defense fund.

## LABOR DAY INDICTMENTS.

Ohio Supreme Court Decided They Were Not Invalid.

COLUMBUS, Jan. 13.—The supreme court has handed down a decision in a criminal case involving the legality of certain proceedings which transpired on Labor day, designated by law as a legal holiday.

The court holds that "it is not unlawful to hold the court of common pleas on that day, when the judges of the district have fixed that day for the commencement of the term; and an indictment found and returned by a grand jury empowered to sit on that day is not, on that account, invalid."

Killed a Woman, Wounded Himself.

MIDDLETOWN, Ky., Jan. 13.—The Rev. Wesley Hall, at Hindman, Knox county, is reported to have killed Mrs. Lucinda Lewis, a sister of his dead wife, and then to have shot himself in the abdomen. Physicians say he will recover. She refused to marry him.

Eccentric American Woman Dead.

PARIS, Jan. 13.—An eccentric old American woman, known at the United States legation and consulate for the last 20 years under the name of Lady Livingston, died here under extraordinary circumstances, leaving a large fortune for unknown heirs.

Mercury in the Bronx Prof.

NEW YORK, Jan. 13.—Prof. Witthaus, the chemist, who was recalled in the Moloney poisoning trial, testified that from his analysis it was probable that Mrs. Adams had taken about 30 grains of cyanide of mercury in the poisoned bromo seltzer. Ten grains, he said, would have caused death. Harry Cornish and Mrs. Rogers, daughter of Mrs. Adams, were recalled to trace the history of the glass in which the poison was administered.

Eight More Deaths From Plague.

WASHINGTON, Jan. 13.—The state department was informed by Mr. Heywood, United States agent at Honolulu, that eight deaths have occurred from the plague at Honolulu since the last telegraphic report, Dec. 26 last, which announced three deaths from that cause. Mr. Heywood also states that the entire city of Honolulu is in quarantine.

Hearing on Subsidy Bill.

WASHINGTON, Jan. 13.—The senate committee on commerce began hearings on Senator Fry's bill to promote the commerce and increase the foreign trade of the United States and to provide auxiliary cruisers, transport and seamen for government use when necessary, known as subsidy bill.

## BULLER BEHIND BOERS.

Likely Several Miles Back of Colenso Lines.

HIS DISPATCH SO INDICATES.

Probably Within 14 Miles of General Buller's Outposts, at Ladysmith—Big Death Lists From Disease In the Sieged Town.

LONDON, Jan. 13.—A. M.—General Buller's message announcing his forward movement of Thursday is interpreted as meaning that he has passed around the western end of the Boer lines at Colenso and is now several miles behind them and within 14 miles of General Buller's outposts at Ladysmith. The Boers, a few days ago, had forces with guns at Springfield, where General Buller dated his dispatch. Three commands have been obviously dislodged, either by fighting or by maneuver, the Boers retiring across the Tugela as General Buller advanced.

From General Buller's dispatch, coupled with the fact that no official intelligence from the seat of war has virtually ceased since Monday, the deduction is drawn that important operations are in progress, as he cannot move far without going against the Boer entrenchments.

The death lists from enteric fever and dysentery at Ladysmith, averaging from eight to ten daily, are considered more serious than the casualties of Saturday's fight, as they indicate the frightfully unsanitary condition of the beleaguered town. A letter from Ladysmith, dated Dec. 7, says that even then 30 out of the 340 men in the battalion of which the writer was a member were sick with dysentery or enteric fever and, according to a dispatch to The Daily Chronicle, dated Jan. 8, the patients and attendants in Tommy camp, where the hospital is, then numbered 2,500.

Buller's message contained the following: "I occupied the south bank of the Tugela river, at Potgieter's drift, this morning, and seized post. The river is in flood. The enemy's strongly entrenched about four and a half miles to the north."

An apparently well-informed correspondent of The Morning Post said: "The Boer strength, originally 38,000 men, is now heavily augmented by Cape Colonists, and the enemy's fighting forces may be estimated fairly at 100,000 men and 200 guns. The Boers are not compelled to guard their communications. Their grass is good, the crops are growing, and cattle and sheep are plenty and game is abundant."

Remarkable scenes of patriotism were witnessed in London last evening after a short service for the volunteers in St. Paul's cathedral. The vast audience was said to disperse. Ladies stood up on the chairs beckoning and calling to brothers, sons and friends in the ranks, the latter signalling back. A scene of great animation ensued.

The franchise in Great Britain is now being introduced a few bars of the national anthem in concluding the voluntary. The effect of this was magical. First the volunteers and then the congregation took up the strains and the vast cathedral was filled with enthusiastic song.

WILL BOERS ACCEPT HAY?

Lloyd said He Saw No Reason Why—Call on Salisbury Explained.

LONDON, Jan. 13.—With reference to a Washington report cabled here that the Boers will refuse to receive Adolphus S. Hay, the new United States consul at Pretoria, because he "was in constant communication" with the British foreign office while in London, The Associated Press is informed that Mr. Hay's communication with the foreign office consisted of a social call on Lord Salisbury. The Transvaal was not discussed.

In reply to a telegram from The Associated Press, Dr. Lloyd, the diplomatic representative of the Transvaal, wired from Brussels:

"I see no reason why the Transvaal government should not recognize Mr. Hay as representative of the United States. I am unable to say more as communication with my government is cut off."

## DISPLEASED AT ENGLAND'S DELAY.

German Official Blamed Durban Authorities For It.

BERLIN, Jan. 13.—There is still great dissatisfaction in Germany at Great Britain's long delay in releasing the Bundesrath and in sending a formal answer to Germany's protest. A high official at the foreign office voiced the foregoing sentiment when questioned on the subject, adding:

"Apparently the London government has tried to expedite matters, but the Durban authorities are unduly slow, seeming to be determined to open the last box of the Bundesrath's cargo, in order to avoid an admission of error."

135 KILLED AND 242 WOUNDED.

Casualties in Rank and File at Ladysmith—Lady Methuen's Death.

Lady Methuen has issued an absolute contradiction of the rumors that Lord Methuen is ill, or that he was injured by the falling of his horse at the battle of Magersfontein.

## Locomotor

Ataxia

Cured by

Dr. Williams' Pink Pills

for

Pale People

This is the sworn statement of a man who was cured.

"My lower limbs seemed to be dying—losing all sense of outward feeling. The most excruciating pains made me almost wild with misery and I could not stand alone. I tried electricity with no avail. Several physicians gave me treatment which was not effective. One day I read of a man who had Locomotor Ataxia, and was cured by the use of Dr. Williams' Pink Pills for Pale People. I procured a half dozen boxes, and took them before I was convinced a cure was possible, and finally used one box a week. My pains gradually disappeared, color came back to my flesh. I could walk, run and jump, and actually dispensed with a cane."

NEW YEAR BEGAN WELL.

Dun's Review So Noted, But Said There Was Still Much of The Usual Early Year Hesitation.

New York, Jan. 13.—Rt. G. Dun & Co.'s weekly review of trade issued today said in part:

The business of the new year begins well, though there is still much of the usual hesitancy. In branches where last year's business was extraordinary and prices have risen greatly some pause is natural, though nothing indicates decrease of consuming disposition or purchasing power, but there is continuing rise in wages to prompt increase. Monetary conditions have grown easier with the return of \$4,000,000 from the interior during the week and further deposits by the treasury and more liquidation in some speculative stocks has also helped. Banks report an increase in their percentage of commercial loans and rates were generally more easy after the decline announced by European banks.

The franchise in Great Britain is now being introduced a few bars of the national anthem in concluding the voluntary. The effect of this was magical. First the volunteers and then the congregation took up the strains and the vast cathedral was filled with enthusiastic song.
